Dear Mr Weir,

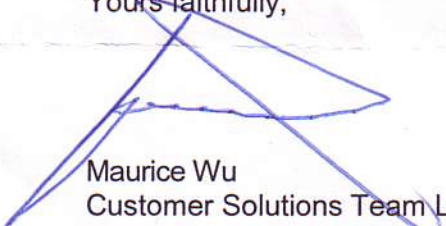

I refer to your correspondence dated 27 March 2009 sent to Mr Cameron Clyne regarding your members' current financial situation. I am responding on behalf of NAB.

NAB is committed to providing assistance to customers experiencing financial difficulty. If members of your group are in this position we urge them to contact us on 1300 658 598 Monday to Friday between 8am-5pm EST.

Customers will then be assessed individually and we will work with them to provide the most appropriate assistance. If at that time, the hardship provisions of the Uniform Consumer Credit Code applies to their circumstances we will inform them.

Please forward this to all members of your organisation who may be affected by this situation.

Yours faithfully,

Maurice Wu
